Width: 17"/43cm
Length: 29"/74cm
Height: 26"/66cm

Weight:
49 lbs/22kg (approx.)

Electric:
115VAC/60Hz/1 AMPS (max.) or
220VAC/50Hz

Air:
50 PSIG (max.)/6CFM

LABELS

Standard 5" wide web width
10" O.D. roll with 3" core
Die cut with 1/8" spacing

PROVIDING
COST-EFFECTIVE
LABELING EQUIPMENT
FOR GROWING COMPANIES
SINCE **1967**

SEMI-AUTOMATIC LABEL APPLICATORS
Auto Labe's philosophy of building reliable, easy to use and economical labeling equipment is evident in our semi-automatic labeling machines. For over thirty years these machines have made labeling short production runs using pressure sensitive labels a breeze. These portable labelers can also be used in several areas for short runs of trial products or as back up for primary production.

HOT STAMP IMPRINTER

- Imprints date code, lot number, prices or other variables directly on the label prior to application
- Easily mounts on any Auto Labe dispenser, semi-automatic or automatic applicator
- High-speed production capability of up to 150 labels per minute.
- Easy to adjust imprint area positions
- Provides imprinting capability to an area 1" x 1 1/2" in either direction on your label

MODEL 310
